

The Manufacturing Indaba: Growing South African manufacturing

EKURHULENI - For the fourth year running, the annual **Manufacturing Indaba** is quickly approaching and with the country heavily focussed on growth solutions in the sector, analysing the future trends and the impact it will have on the manufacturing sector in South Africa, the event has seen a vested following as participants plan for two remarkable days, hosted at Emperors Palace from the 27 to 28 June 2017.

Attracting key industry leaders, policy makers, academia and potential leaders, the Indaba brings them together, providing a game changing platform to explore strategies that are tantamount to building South Africa's manufacturing future for 2017

The planned keynote addresses and panel discussions will focus on the future of manufacturing in South Africa, centred around the role of manufacturing, how to build a stronger manufacturing sector and the growth sectors for the future.

It is without a doubt the leading annual manufacturing event and the networking and knowledge gained will far outweigh any other intervention.

About the Manufacturing Indaba

The 4th annual Manufacturing Indaba will be hosted at Emperors Palace in the City of Ekurhuleni from the 27 – 28 June 2017. The event will comprise a two-day conference and exhibition. The event is hosted in partnership with the Department of Trade & Industry, the Department of Science & Technology, the Department of Public Enterprises, the Manufacturing Circle, the City of Ekurhuleni as the Host City and the NCPC-SA.

The aim of the Manufacturing Indaba is to focus on and boost the growth potential of key industry sectors within manufacturing, namely: automotive, construction, metals, forestry, paper & packaging, chemicals, aerospace & defence, industry products and services, and to provide a platform for informative and interactive sessions with the prime movers of the nation's manufacturing sectors.
