

MANUFACTURING INDABA

THIS year's most important manufacturing event – the **Manufacturing Indaba Conference & Exhibition**, takes place from the **27-28 June** at Emperors Palace in Johannesburg and brings together leading manufacturing experts, small and large manufacturers, consultants, financial institutions and related sectors, all with a common aim, to help grow the manufacturing sector.

The fourth annual event – partnered with the Manufacturing Circle, the DTI, the City of Ekurhuleni, the Department of Science & Technology, the Department of Public Enterprises and the NCPC-SA – is the forum for manufacturing in South Africa and aims to become a leading event for all manufacturers. A major focus this year will be on exporting products and services into the region and specific focus areas within the conference will discuss these opportunities for South African manufacturers of finished goods, materials and components, machinery and much more.
